Step up hero. It's clearly obvious you've never served a day in your life. The goal is to save OUR Republic and restore law & order without a single loss of life. I took an oath in 82 that didn't come with an expiration date. Both foreign and DOMESTIC. Until he proves otherwise, I take my orders from the CIC. This ain't an Xbox game. I suggest you keep chilling in your safe space, because that's where you belong.

Yeah, in a fucked up way, I don't even really care if Biden takes my AR15 anymore. I don't even really shoot it and I don't think us having them really makes any difference. I still have my hunting rifle and shotgun (which is my go-to for home defense anyway no sense in killing my entire family with green tipped 5.56).

Or... prove me wrong... you who are reading this and are pissed off by what I am saying, prove me wrong.

It was always a larp. Lmao. You really think anyone is actually going to risk losing their family, career, entertainment and all the other cozy things that the American life has offered them? They'll lose it all, slowly, but surely. Until then it will be memes.

Yep. As much as I wish this were real, it's not. Not yet anyway.

We are allowing the legal options to right the wrongs. If the process fails, the rule of law is irrelevant and we will have to do what is necessary. Only a fool wants violence, so until we exhaust all other options there won't be any.
